## INDEPENDENT AUDITOR'S REPORT

Management and Board of Directors  
City of Flint Downtown Development Authority  
Flint, Michigan

### ***Opinion***

We have audited the accompanying financial statements of the governmental activities, business-type activities and each major fund, of the City of Flint Downtown Development Authority (the "Authority") as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund, of the City of Flint Downtown Development Authority, as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Flint Downtown Development Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate basis for our audit opinions.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Flint Downtown Development Authority's ability to continue as a going concern for the twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibility for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance, but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Flint Downtown Development Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Flint Downtown Development Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison schedule, as identified in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Respectfully submitted,

*THE ALG Group CPAs*

## Management Discussion & Analysis (Unaudited)

For the Year Ended June 30, 2025

The financial statements are the responsibility of the City of Flint Downtown Development Authority's (the "Authority") management. We offer readers this narrative overview and analysis for the fiscal year ended June 30, 2025. We encourage readers to consider the information presented here in conjunction with additional information that is furnished in the financial statement and notes to the financial statements.

### Financial Highlights

|                                         |              |
|-----------------------------------------|--------------|
| • Total net position                    | \$ 6,878,639 |
| • Change in total net position          | 134,668      |
| • Fund balance, general fund            | 539,380      |
| • Change in fund balances, general fund | 14,448       |

### Overview of Financial Statements

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements, which comprise of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

### Government-Wide Financial Statements

The government-wide financial statements are made up of the Statement of Net Position and the Statement of Activities, which report information about the Authority as a whole, and about its activities. Their purpose is to illustrate if the Authority, in its entirety, is better or worse off as a result of this fiscal year's activities. These statements, which include all assets and liabilities, are reported on the accrual basis of accounting, similar to a private business. This means revenues are accounted for when they are earned and expenses are accounted for when incurred, regardless of when the actual cash is received or disbursed.

The Statement of Net Position presents all of the Authority's assets and liabilities with the difference reported as net position. Over time, increases or decreases in net position measure whether the Authority's financial position is improving or deteriorating.

The Statement of Activities presents information showing how the Authority's net position changed during the fiscal year ended June 30, 2025. All changes in net position are reported based on the period for which the underlying events gave rise to the change that occurred, regardless of the timing of related cash flows. Therefore, revenue and expenses are reported in these statements for some items that will result in cash flows only in future financial periods, such as uncollected taxes and earned but unused compensated absences.

Both of the government-wide financial statements distinguish functions of the Authority that are typically supported by intergovernmental revenues (governmental activities) or from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Authority include the downtown development. The business-type activities of the Authority include parking operations.

## Management Discussion & Analysis (Unaudited)

For the Year Ended June 30, 2025

### Fund Financial Statements

The fund financial statements provide information on the Authority's major funds. A fund is a fiscal and accounting entity with a self-balancing set of accounts that the Authority uses to keep track of specific sources of funding and spending for a particular purpose. Traditional users of governmental financial statements will find the fund financial statements presentation more familiar.

The basic financial statements report major funds as defined by the GASB in separate columns. Statement 34 defines a "major fund" as the General Fund, and any governmental or enterprise fund which has either total assets, total liabilities, total revenues, or total expenditure/expenses that equal at least 10% of those categories for either the governmental funds or the enterprise funds and where the individual fund total also exceeds 5% of those categories for governmental and enterprise funds combined. The major funds for the Authority include the General Fund and the Parking Operations.

The Authority's funds are divided into two categories – governmental and proprietary – and use different accounting approaches:

- **Governmental Funds** – The focus of governmental funds is how cash and other financial assets that can be readily converted to cash flow in and out during the course of the fiscal year, and how the balances left at year end are available for spending on future services. Consequently, the governmental fund financial statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that may be expended in the near future to finance the Authority's programs. Governmental funds for the Authority include the general fund which accounts for Development administration.
- **Proprietary Funds** – Services for which the Authority charges customers (whether outside the Authority structure or a City department) a fee with intent to cover operating costs are generally reported in proprietary funds. Proprietary funds use the same accrual basis of accounting used in the government-wide statements and by private businesses. The Authority has one type of proprietary fund, the parking operations enterprise fund.

### Government-Wide Financial Statements

The Authority's combined net position increased \$134,668 over the course of the fiscal year to a total of \$6,878,639. Net position of the governmental activities increased \$14,448 or 3%, and business-type activities increased \$120,220 or 2%. Explanation for those changes are described below under the governmental activities and business-type activities sections of the Management Discussion and Analysis.

| Net position, June 30  | \$ <u>539,379</u>       | \$ <u>524,932</u> | \$ <u>6,339,259</u>      | \$ <u>6,219,039</u> | \$ <u>6,878,638</u> | \$ <u>6,743,971</u> |

In total, governmental activities revenue increased by \$2,868, from the previous fiscal year, which is largely due to property tax revenues increasing in the current year.

In total, business-type activities revenues decreased \$580,056 from the previous fiscal year, which is attributable to the decreases in both grant funding and parking ramp, meter, and enforcement income.

### Financial Analysis of the Authority's Fund

As of the end of the current fiscal year, the Authority's general fund reported an unassigned balance of \$456,867 and an assigned fund balance of \$82,512, an overall increase of \$14,447 from the prior year. The changes from the prior year for this fund were discussed above as part of the governmental activities.

### General Fund Budgetary Highlights

Over the course of the year, the Authority amended the budget to take into account events during the year. The original budget was amended as the year progressed. However, there were several line items over budget.

### Downtown Operations – Enterprise Fund

The downtown operations enterprise fund net position increased \$120,220 from \$6,219,039 to \$6,339,259. Unrestricted net position increased \$105,202. The changes from the prior year for this fund were discussed above as part of the business-type activities.

## CITY OF FLINT DOWNTOWN DEVELOPMENT AUTHORITY

### Management Discussion & Analysis (Unaudited)

For the Year Ended June 30, 2025

**Capital Assets and Debt Administration Capital Assets** – As of June 30, 2025, the Authority had invested \$11,479,911, net of accumulated depreciation, in capital assets associated with its parking operations, business-type activities. Additionally, information regarding the Authority’s capital assets can be found in Note 3 to the financial statements.

|-------------------------------|----------------------|----------------------|
| Land                          | \$ 4,878,067         | \$ 4,878,067         |
| Land improvements             | 5,435,703            | 5,718,685            |
| Parking deck and improvements | 92,573               | 103,587              |
| Building                      | 244,858              | 253,149              |
| Machinery and equipment       | 746,712              | 500,553              |
| Vehicles                      | <u>81,998</u>        | <u>10,852</u>        |
| Capital assets, net           | \$ <u>11,479,911</u> | \$ <u>11,464,893</u> |

**Debt administration** – At June 30, 2025, the Authority had \$4,956,884 in debt outstanding in its Business-type activities. Additional information regarding the Authority’s long-term debt can be found in Note 4 to the financial statements.

|                                           | <u>2025</u>         | <u>2024</u>         |
|-------------------------------------------|---------------------|---------------------|
| Revenue bonds                             | \$ 129,793          | \$ 194,689          |
| Notes payable                             | 3,643               | 10,574              |
| Notes and premiums from direct borrowings | <u>4,823,447</u>    | <u>5,317,004</u>    |
| Total long-term debt                      | \$ <u>4,956,883</u> | \$ <u>5,522,267</u> |

The City has pledged a portion of state-shared revenue as security for the bond issued by the City of Flint for the Rutherford parking structure. The Authority has pledged revenue from the parking operations for the repayment of the bond. However, in the City’s approved deficit elimination plan, it was determined by the City that the Authority’s commitment to funding its portion of the debt service for the parking ramp was unrealistic given the decline in property values and revenues expected to be received through operations were not realized. The City as the guarantor continues to make the debt service payments. The Authority records forgiveness of debt each year for the portion that the Authority is unable to pay. Since then, several tax abatements have expired, and during the fiscal year no debt forgiveness was recorded as property tax revenue was able to cover all of the debt payments by the Authority.

### **Economic Condition and Outlook**

The purpose of the City of Flint Downtown Development Authority is to act in accordance with Act 197 of the Public Acts of 1975, as such statute may be amended from time to time, including: to correct and prevention deterioration in the downtown district; to encourage historical preservation, to create and implement development plans in the district, to promote economic growth and redevelopment plans of the district, and to encourage the expansion of commercial enterprises in the downtown district.

### **Request for Information**

The financial report is intended to provide our citizens, taxpayers, customers, creditors, and investors with a general overview of the Authority’s finances and to demonstrate the Authority’s accountability for the revenues it receives. If you have any questions concerning this report or need additional information, we welcome you to contact Brandy Curtis, Operations Manager, at (810) 767-2297. The Authority’s office is located at 502 Church Street, Flint MI 48502.

# **CITY OF FLINT DOWNTOWN DEVELOPMENT AUTHORITY**

## **Notes to the Financial Statements For the Year Ended June 30, 2025**

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### *Reporting Entity*

The City of Flint Downtown Development Authority (the "Authority") is a component unit of the City of Flint, Michigan, (the "City") and is presented as a discrete component unit in the City's financial statements, as an integral part of the reporting entity. The City of Flint appoints the Authority's Board of Directors, has the ability to significantly influence the Authority's operations, and it is financially accountable for the Authority. The financial statements of the City of Flint are available at City Hall for public inspection.

The accounting policies of the Authority conform to U.S. generally accepted accounting principles (GAAP) as applicable to governments. The following is a summary of the more significant policies.

#### *Government-Wide and Fund Financial Statements*

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the activities of the primary government of the Authority. For the most part, the effect of interfund activities has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent, on fees and charges for services. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The Authority has no component units.

The statement of activities demonstrates the degree to which the direct expenses of a function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### *Measurement Focus, Basis of Accounting, and Financial Statements*

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. In the fund statements, the proprietary funds financial statements are also reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are reported when a liability is incurred,

# **CITY OF FLINT DOWNTOWN DEVELOPMENT AUTHORITY**

## **Notes to the Financial Statements**

For the Year Ended June 30, 2025

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. The length of time used for “available” for purposes of revenue recognition in the governmental fund financial statements is 60 days. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are recorded when a liability is incurred which is expected to be liquidated with expendable available resources. Long-term obligations, if any, are only reported when due for payment.

The Authority reports the following major governmental fund:

- The general fund is the Authority’s primary operating fund. It accounts for all financial resources of the Authority, except those required to be accounted for in another fund.

The Authority reports the following major proprietary fund:

- The downtown operation enterprise fund accounts for the operations of several parking facilities in the downtown area.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements, with the exception of amounts owed between the governmental activities and business-type activities which is reported on the statement of net position as internal balances. Transactions representing one fund paying another fund for services have not been eliminated as elimination of these amounts would distort the direct costs and program revenues reported for the various funds concerned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing parking operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

# **CITY OF FLINT DOWNTOWN DEVELOPMENT AUTHORITY**

## **Notes to the Financial Statements For the Year Ended June 30, 2025**

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

#### *Receivables*

Receivables have been recognized for all significant amounts due to the Authority for charges for services and other various receivables. No allowances have been made for uncollectible amounts because if they remain unpaid, they will still receive the settlement from the City.

#### *Internal Balances*

In general, outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as “internal balances.”

#### *Prepaid Items*

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financials and expensed when consumed.

#### *Property Taxes*

Property taxes are levied each July 1st on the taxable valuation of property as of the preceding December 31st. Taxes are considered delinquent on March 1st of the following year, at which time penalties and interest are assessed.

The 2025 taxable valuation of the Authority totaled \$66,710,501, on which ad valorem taxes consisted of 1.8806 mills for operating purposes. These amounts are recognized in the general fund financial statements as tax revenue.

The Authority also captures taxes from other local units based on the increased value of the properties within the DDA district (TIF). The capture for TIF is recorded in the enterprise fund.

#### *Capital Assets*

Capital assets, which include property, plant, equipment and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are not recorded in the governmental funds. Instead, capital assets are reflected as expenditures in the governmental funds in the year of acquisition. Capital assets are defined by the Authority as assets with an initial cost of \$1,500 or more and an estimated useful life in excess of one year. At June 30, 2025, the Authority reported no capital assets for governmental activities.

All capital assets are valued at historical cost or estimated historical cost if actual cost is not available. Donated capital assets are recorded at acquisition value on the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend assets lives are not capitalized.

# CITY OF FLINT DOWNTOWN DEVELOPMENT AUTHORITY

## Notes to the Financial Statements For the Year Ended June 30, 2025

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Depreciation of all exhaustible capital assets used is charged as an expense in government-wide statements and all proprietary financial statements.

The straight-line depreciation method is used for all depreciable capital assets. The estimated useful lives for capital assets are displayed in the table below:

| <u>Asset Class</u>                    | <u>Depreciable Life</u> |
|---------------------------------------|-------------------------|
| Land improvements                     | 5-40                    |
| Leasehold improvements                | 5-24                    |
| Buildings, additions and improvements | 40                      |
| Machinery, vehicles, and equipment    | 3-20                    |

#### *Deferred outflows of resources*

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represents a consumption of net position that applies to future periods and will not be recognized as an outflow of resources (expense) until then. The Business- Type activities report deferred outflows for the deferred charge on refunding on their debt. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price.

#### *Customer deposits*

Customer deposits are for monthly parking card deposits for card passes to park in and around the city. Revenue is recorded as the parking is utilized.

#### *Compensated Absences*

It is the Authority's policy to permit employees to accumulate earned but unused sick and vacation pay benefits. There is no liability for unpaid accumulated sick leave since the authority does not have a policy to pay any amounts when employees separate service with the Authority. However, amounts are carried over from year to year based on anniversary date of the employee, so the Authority has recorded the corresponding liability at year end.

#### *Long-Term Liabilities*

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities and business-type activities or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using straight line amortization. Bonds costs are reported as current period expenses/expenditures

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as other financing sources and uses, in the period when the debt is issued. The face amount of debt issued is reported as other financing sources when issued.

# CITY OF FLINT DOWNTOWN DEVELOPMENT AUTHORITY

## Notes to the Financial Statements For the Year Ended June 30, 2025

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *Fund Balance*

Governmental fund balance is based on a hierarchy based on the extent to which the Authority is bound to observe constraints imposed on the use of the resources reported in governmental funds. Fund balance is shown within one of five classifications – non-spendable, restricted, committed, assigned, and unassigned.

The following classifications describe the relative strength of the spending constraints:

1. Non-spendable fund balance (such as inventory, prepaid items or long-term receivables) – Amounts that are not in spendable form or are legally or contractually required to be maintained intact.
2. Restricted fund balance – Amounts constrained to specific purposes by their providers (such as taxpayers, grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
3. Committed fund balance – Amounts constrained to specific purposes by the Authority itself, using its highest level of decision-making authority (resolution of the Board of Directors). To be reported as committed, amounts cannot be used for any other purpose unless the Authority takes the same highest-level action to remove or change the constraint.
4. Assigned fund balance – Amounts the Authority intends to use for a specific purpose. Intent can be expressed by the Board of Directors or by an official or body to which the Board of Directors delegates the authority.
5. Unassigned fund balance – Amounts that do not fall into any other category above. This is the residual classification for amounts in the General Fund and represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes in the General Fund.

The Authority would use restricted fund balance first, followed by committed resources and then assigned resources as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of those classified funds.

#### *Net Position*

In the government-wide financial statements, net position is divided into three components.

- Net Investment in Capital Assets – This category consists of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets.
- Restricted Net Position – Net assets are considered restricted if their use is constrained to a particular purpose. Restrictions are imposed by external organizations such as federal or state laws.
- Unrestricted – All other net assets are reported in this category.

# CITY OF FLINT DOWNTOWN DEVELOPMENT AUTHORITY

## Notes to the Financial Statements For the Year Ended June 30, 2025

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *Budgets and Budgetary Accounting*

Michigan Public Act 621 of 1978, Section 18(1), as amended, provides that a local unit shall not incur expenditures in excess of the amount appropriated in budget resolutions of the governing body.

The following procedures are followed in establishing the budgetary data reflected in these financial statements:

1. Prior to the beginning of the fiscal year, the proposed budget for each budgetary fund is submitted to the Board of Directors for consideration.
2. The proposed budgets include expenditures as well as the methods of financing them.
3. Public hearings are held to obtain taxpayer comments.
4. The budgets are adopted at the activity level by a majority vote of the Board of Directors.
5. The budgets are adopted on the modified accrual basis of accounting.
6. The originally adopted budgets can be amended during the year only by a majority vote of the Board of Directors.
7. The adopted budgets are used as a management control device during the year for all budgetary funds.
8. Budget appropriations lapse at the end of each fiscal year.
9. The budgeted amounts shown in these financial statements are the originally adopted budgets with all amendments that were approved by the Board of Directors during the fiscal year.

Prior to June 30, the director submits to the board a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them for the general fund. Prior to June 30, the budget is legally enacted on a total fund basis for the general fund. The director is authorized to transfer budgeted amounts within the fund appropriation accounts; however, any revision that alters the total expenditures of the general fund must be approved by the board. Formal budgetary integration is employed as a management control device during the year for all budgetary funds. The budget for the general fund was adopted on a basis consistent with general accepted accounting principles. Budget appropriations lapse at year end except for approved contracts.

#### *Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

# CITY OF FLINT DOWNTOWN DEVELOPMENT AUTHORITY

## Notes to the Financial Statements

For the Year Ended June 30, 2025

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *Statement of Cash Flows*

In the statement of cash flows, all highly liquid investments with a maturity of three months or less when purchased are defined as cash equivalents.

### NOTE 2 - CASH

Michigan Compiled Laws, Section 129.91, authorizes the Authority to deposit and invest in the following:

1. Bonds, securities and other obligations of the United States or an agency or instrumentality of the United States.
2. Certificates of deposit, savings accounts, deposit accounts, or depository receipts of state or federally chartered savings and loan association, savings bank or credit union whose deposits are insured by an agency of the United States government and which maintains a principal office or branch office located in this State, under the laws of the State or the United States, but only if the bank, savings and loan association, savings bank, or credit union is eligible to be depository of surplus funds belonging to the State under section 5 or 6 of Act 105, P.A. 1855, as amended (MCL 21.145 and 21.146).
3. Commercial paper rated at the time of purchase within the three (3) highest classifications established by not less than two (2) standard rating services and which matures not more than 270 days after the date of purchase.
4. The United States government or federal agency obligation repurchase agreements.
5. Bankers acceptances of United States banks.
6. Mutual fund composed of investment vehicles which are legal for direct investment by local units of government in Michigan.

|               | Governmental<br>Activities | Business-type<br>Activities | Total             |
|---------------|----------------------------|-----------------------------|-------------------|
| Cash          | \$ <u>917,058</u>          | \$ <u>300</u>               | \$ <u>917,358</u> |
| Deposits      |                            |                             |                   |
| Bank deposits |                            |                             | \$ 917,058        |
| Cash on hand  |                            |                             | <u>300</u>        |
| Total         |                            |                             | \$ <u>917,358</u> |

#### *Custodial Credit Risk*

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution the Authority's deposits would not be returned to it. The Authority does not have a policy for custodial credit risk. As of year-end, the bank balance of \$250,000 was FDIC insured while the remaining \$667,358 was uninsured.

Depreciation expense was charged to the parking activity within the downtown operations enterprise fund.

# CITY OF FLINT DOWNTOWN DEVELOPMENT AUTHORITY

## Notes to the Financial Statements

For the Year Ended June 30, 2025

### NOTE 4 - LONG-TERM DEBT

The Authority issues bonds to provide for the acquisition and construction of major capital facilities. In addition, the City of Flint has issued general obligation bonds for which the Authority has pledged its full faith and credit and for which the Authority is contractually obligated to repay the City. Long-term debt outstanding at year end is summarized as follows:

|                                | Fiscal Year<br>of Maturity | Interest Rates | Original<br>Amount | Outstanding         |
|--------------------------------|----------------------------|----------------|--------------------|---------------------|
| Business-type activities:      |                            |                |                    |                     |
| James Rutherford Parking       |                            |                |                    |                     |
| Deck Obligation (Refunded)     | 2033                       | 5.00%          | \$ 6,475,000       | \$ 4,195,000        |
| Electric Vehicle Charging      |                            |                |                    |                     |
| Loan                           | 2026                       | 6.69%          | 31,494             | 3,643               |
| Parking System Improvement     |                            |                |                    |                     |

|                                 | Beginning<br>Balance | Increase | Decrease       | Ending<br>Balance | Due<br>within<br>one year |
|---------------------------------|----------------------|----------|----------------|-------------------|---------------------------|
| Business-type activities:       |                      |          |                |                   |                           |
| Revenue bonds                   | \$ 194,689           | -        | 64,896         | 129,793           | 64,896                    |
| Note payable                    | 10,574               | -        | 6,931          | 3,643             | 3,643                     |
| Notes from<br>direct borrowings | <u>4,610,000</u>     | <u>-</u> | <u>415,000</u> | <u>4,195,000</u>  | <u>440,000</u>            |
| Total debt                      | 4,815,263            | -        | 486,827        | 4,328,436         | 508,539                   |
| Premium                         | <u>707,004</u>       | <u>-</u> | <u>78,556</u>  | <u>628,448</u>    | <u>78,556</u>             |
| Total                           | \$ <u>5,522,267</u>  | <u>-</u> | <u>565,383</u> | <u>4,956,884</u>  | <u>587,095</u>            |

Contractual Obligations - The above contractual obligations to the City of Flint (the "City") for the James Rutherford Parking Deck are the result of the City's issuance of bonds on the Authority's behalf. The Authority has pledged tax increment revenue and net operating revenue of the parking system to repay the obligations. During the current year, the operating loss from the parking operations was \$1,001,547 and TIF payments were \$ 1,090,804.

At year end, the funds generated by the Authority from the parking structure, net operating revenue, and tax increment revenue did cover its debt obligation for the bonds. Therefore, the City did not forgive any debt payments made on behalf of the DDA.

### **NOTE 5 - INTERFUND PAYABLES AND RECEIVABLES**

The amounts of interfund receivables and payables as of June 30, are as follows:

| <u>Fund</u> | Interfund<br><u>Payable</u> | <u>Fund</u>         | Interfund<br><u>Receivable</u> |
|-------------|-----------------------------|---------------------|--------------------------------|
| General     | \$ <u>377,679</u>           | Downtown operations | \$ <u>377,679</u>              |

### **NOTE 6 - RISK MANAGEMENT**

The Authority is exposed to various risks of loss related to property loss, torts, errors and omissions, and employee injured (workers' compensation), as well as medical benefits provided to employees. The Authority has purchased insurance for these risks.

# **CITY OF FLINT DOWNTOWN DEVELOPMENT AUTHORITY**

## **Notes to the Financial Statements**

**For the Year Ended June 30, 2025**

### **NOTE 7 - EXCESS OF EXPENDITURES OVER APPROPRIATIONS**

State statutes provide that a local unit shall not incur expenditures in excess of the amount appropriated. The approved budgets of the Authority were adopted on an activity level basis, although budget and actual information in the required supplementary information have been presented at a level of detail greater than the level of legal budgetary control.

During the year ended June 30, 2025, the Authority incurred expenditures less than the amounts appropriated at the legal level of budgetary control. Total budget for the general fund was \$93,543 and expenditures amount to \$93,083 for a difference of \$460 under budget.
